## You Can Make the Difference!

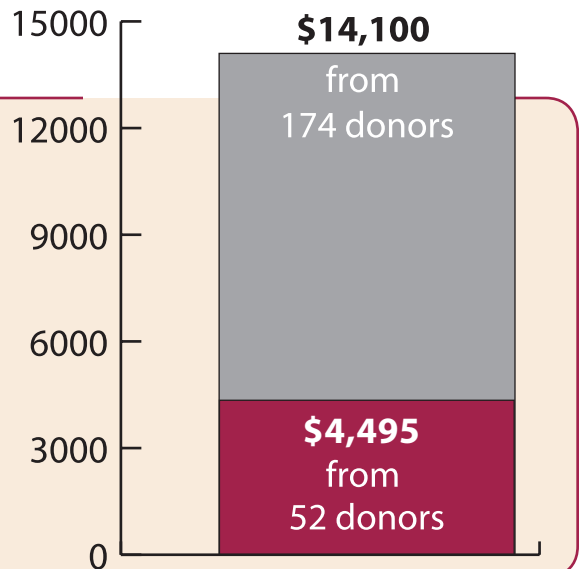

Think about all that Kappa Alpha gave to you during your time at Georgia Tech. Think about the friendships, the fun times and the memories. I would like to extend a warm thank you to all of you who have given back to Kappa Alpha Order over the years since graduation. Whether you've made a financial contribution, volunteered your time, or recently visited the house, you are helping to support the vision of the alumni association. It is because of you that we are able to continue publication of *Rebel 'Reck*, helping you to connect with your college friends. To expand on our efforts to reconnect Alpha Sigma brothers, I am happy to announce the alumni association has recently enhanced our alumni website. This is a website created for our alumni, by our alumni – and I hope that you utilize it as a place to rekindle friendships and memories. In order for the site to be a success, we need your participation! We'd love to post your old photos, alumni updates or upcoming tailgates or reunions you've planned. Visit [www.kagatech.com](http://www.kagatech.com) today to post your content!

Lastly, I would like to send a special thank you to the 152 alumni brothers who contributed to our '04-'05 annual fund (their names were listed on the fall appeal Honor Roll of Donors that was recently mailed). Because of their support, we raised more than \$12,700 toward our communications program, including publication of *Rebel 'Reck*, the launching of our upcoming website, and maintenance of our database of more than 1,100 active alumni. Please consider making a gift in '05-'06 to help to continue our success as an alumni organization! You can either phone in your credit card donation to our toll-free hotline at 800-975-6699, mail a check to the address below (be sure to mark KA at Tech on your check for faster processing!), or log on to our website to make an online contribution. The success of our organization relies on the participation of our alumni brotherhood. **You can make the difference!**

## Join Us in Honoring Tyler Brown '97 for His Sacrifice

On Homecoming day, the chapter dedicated a flagpole to the memory of Tyler Brown '97. The ceremony, held before the Tech-Clemson kickoff, included the Georgia Tech ROTC department raising the first flag.

Army 1st Lt. **Tyler Hall Brown '97**, one of Kappa Alpha's finest and most distinguished brothers, was killed in combat in Iraq proudly serving his country on September 14, 2004.

He is described by the brothers who knew him as a considerate and enthusiastic leader. He founded the pledge etiquette program, served as the chapter's social chair, and served Georgia Tech as the 2001 Student Body President and member of Tech's ROTC department. He is greatly missed by those that knew him.

Please consider making a financial contribution in honor of Brother Brown. All proceeds will go toward payment of the flagpole memorial. A fund has been established to allow any Alpha Sigma alumni who wishes to contribute to do so as easily as possible. If you wish to make a contribution to the fund, please visit our website at [www.kagatech.com](http://www.kagatech.com). Your generosity will be greatly appreciated by those involved in this honorable memorial. ■

Brothers, family and friends dedicate the Tyler Brown flagpole memorial at the chapter house.

# Remarkable Results

## Kappa Alpha Order Plays Important Role in Building Integrity and Character

Some people in today's society may think it's old-fashioned to discuss morality and integrity, but the reality is that good morals, good manners and good behavior will never go out of style. On college campuses, fraternities and sororities offer a great foundation for developing these ideals.

While it must be acknowledged that some Greek organizations fall woefully short in this regard, and that many — maybe most — have experienced at least a few challenging incidents, the Greek system is still driven by values-based programs.

Learning about responsibility, honesty, courtesy, respect, justice, community service, philanthropy, academic achievement, cooperation, diversity and tolerance is simply part of what it means to go Greek. Long-standing codes of conduct are in place to uphold these cherished values, and new members are instilled with the importance of maintaining their organization's venerable traditions and good reputation.

The results are remarkable:

- Greeks often outperform the general student population in academics, with many Greek organizations mandating higher grade averages from their members than the averages among the rest of the student population.
- Greeks far surpass every other student demographic group when it comes to community involvement. They raise untold millions of dollars for charitable organizations and annually donate millions of hours of their time to worthy causes of all kinds, from Big Brothers/Big Sisters to Habitat for Humanity to local food banks, and so many more.
- Greek organizations are also training grounds for leadership, teamwork, problem solving and time management. Through chapter leadership positions, undergraduates develop advanced human relations skills that will be invaluable to them throughout their lives, both in business and in their personal relationships.

Statistics from the North-American Interfraternity Conference reveal that nearly half of all U.S. presidents, 30 percent of members of Congress, 40 percent of U.S. Supreme Court justices and about 30 percent of Fortune 500 executives have Greek roots. How can two percent of the overall student population have become so dominant in public life? They have their character-building experiences in fraternities and sororities to thank for that.

Greek organizations do a tremendous amount of good — for their members and for society as a whole. The ongoing support of dedicated alumni is crucial to making it possible for Kappa Alpha Order to continue providing these worthwhile opportunities for current and future generations of Greeks. ■

## Join the Party at the e-House!

Our new and improved website is here! With more robust features, increased flexibility and usability, and options for adding brand new features to our online community, or as we like to call it, the e-House!

**The e-House can become Alpha Sigma's online gathering place.** Now, [www.kagatech.com](http://www.kagatech.com) will be the place to find and keep old friends, stay up to

date with the latest KA events and happenings, and laugh at old pictures.

We hope that you are as excited as we are that there is now a place for us to come together as brothers again. Even though the e-House is located in cyberspace, it can still become home for Alpha Sigma alumni. Everyone is so scattered around the country and the improved website will bring everyone together in one place.

Please log in today [www.kagatech.com](http://www.kagatech.com) and take a tour of the e-House. Let us know what you think of the accommodations and if you think we need to do any remodeling. We want to make this website our home. Please provide your own stories, pictures, updates, and opinions to share with your brothers! If you have any questions, please email us at [feedback@affinityconnection.com](mailto:feedback@affinityconnection.com). ■
